

Safety Pod Crib 7

Specifications

Fabric Specifications:

Flame retardant: BS7176 Source 7
Martindale: Severe Contract >150,000. ISO 5402
Tear Strength: BS4303:Severe Contract ISO 1421
Grade Stain resistant: Excellent Stain removal
Textile Composition CO-33% Coating Composition PVC - 67% polyester
Anti-bacterial/Anti-fungal: Resistant to microbial or fungal growth including Salmonella, E Coli and MRSA.

Fabric Care:

Use a vacuum cleaner or soft brush to remove dust and solid particles. If soap based cleaners are used, all soap residues must be rinsed from the fabric. Always try cleaning products on a hidden piece of fabric to test suitability. Wipe frequently with a damp cloth to maintain the appearance of the fabric. Remove all stains immediately before they set. Do not use marker pens on the back of the fabric. All spillages should be removed immediately with a clean absorbent cloth. Do not use solvents, chemical agents, waxes or polishes as this will damage the surface of the fabric. Poorly fixed clothing dyes, e.g. Denim, will cause permanent staining. Most stains can be removed using cold/warm water and a clean microfibre cloth. Can be cleaned with mild Hypochlorite solutions (up to 10,000 ppm of available chlorine - including Haz Tabs and Chlor-Clean) or Mineral Spirit for infection control purposes. Stains from products containing oil and grease should be treated with a spirit based solution. Can be steam cleaned in situ.

Disclaimer

Please note that the colour swatches shown may vary slightly from the actual colours of the printed fabric due to differences in printing processes and material textures.

Available in four different sizes

	Height	Seating Height	Depth
X Small	30"	16"	32"
Small	34"	19"	41"
Standard	36"	22"	47"
XL	Bespoke option please contact for further details		

Heavy Duty Colours
