

The Limitless Range Specifications

The Limitless Range offers a truly bespoke, person-centred service that empowers the people you care for to co-design their own Safety Pods. With the freedom to choose from a wide array of colours, prints, and graphic designs – or even transfer personal hand-drawn or digital artwork directly onto the Safety Pod fabric – this service is all about making every pod as unique and individual as those who use it.

Fabric Care
To keep your Safety Pod in good condition, we recommend cleaning with warm, soapy water. Avoid using aggressive cleaners such as bleach or harsh chemicals, as these may damage the design & material. Regular wiping down will help maintain its durability and hygiene.

Available in four different sizes

	Height	Seating Height	Depth
X Small	30"	16"	32"
Small	34"	19"	41"
Standard	36"	22"	47"
XL	Bespoke option please contact for further details		

1 Theme Request
Choose a theme based on personal interests, preferences, and your favourite colours. Our design team will craft a custom digital design, which we'll send to you for review and approval before bringing it to life.

2 The Achitects PODS Project
The Architect Project is revolutionising design by empowering children as experts in their own experiences. This innovative programme enables children to actively shape their learning environments by co-creating Safety Pods tailored to their unique emotional regulation needs.
